## INDEPENDENT AUDITOR'S REPORT

Honorable Chairman and Commissioners  
Bergen County Improvement Authority  
Paramus, New Jersey

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of the Bergen County Improvement Authority, which comprise the statement of net position as of December 31, 2021 and 2020, and the related statements of revenues, expenses, and changes in net position and cash flows for the years then ended, and the related notes to the financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Bergen County Improvement Authority as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Unmodified Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bergen County Improvement Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Emphasis of Matter – Prior Period Adjustment**

As described in Note 27 to the financial statements, a restatement was made to the Authority’s prior year financial statements to bring them into compliance with GASB Statement No. 75. Our opinion is not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bergen County Improvement Authority’s ability to continue as a going concern for the next twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor’s Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bergen County Improvement Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bergen County Improvement Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matters***

##### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

##### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprises the Bergen County Improvement Authority's financial statements. The Supplemental Schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

Honorable Chairperson and Commissioners  
Bergen County Improvement Authority  
Page 4.

The supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated in all material respects in relation to the financial statements taken as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 2, 2023 on our consideration of the Bergen County Improvement Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bergen County Improvement Authority's internal control over financial reporting and compliance.

Very truly yours,

**Management Discussion and Analysis**

**BERGEN COUNTY IMPROVEMENT AUTHORITY**  
**(A Component Unit of the County of Bergen)**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**(UNAUDITED)**

*As management of the Bergen County Improvement Authority, we offer the Authority's financial statements this narrative overview and analysis of the Authority's financial performance during the fiscal year ended December 31, 2021 and 2020. Please read this analysis in conjunction with the Authority's financial statements, which follow this section.*

**Financial Highlights**

- The Authority's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$27,522,619 (net position) for the fiscal year reported. This compares to the restated previous year when liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$(3,241,066).
  
- Total net position is comprised of the following:
  - (1) Capital assets, net of related debt of \$(45,684,006) includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
  - (2) Net position of \$32,654,420 are restricted by constraints imposed from outside the Authority such as debt covenants, grantors, laws or regulations.
  - (3) Unrestricted net position of \$40,552,205 represent the portion available to maintain the Authority's continuing obligations to citizens and creditors.
  
- Total liabilities of the Authority increased by \$4,136,951 to \$91,289,813 during the fiscal year largely due to increases in amounts due to the Bergen New Bridge Medical Center.

**Overview of the Financial Statements**

This annual report includes this management discussion, the independent auditor's report and the basic financial statements of the Authority. The financial statements also include notes that explain in more detail some of the information in the financial statements.

*Required Financial Statements*

The financial statements of the Authority report information of the Authority using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities. The *Statement of Net Position* includes all of the Authority's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to Authority creditors (liabilities). It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

**BERGEN COUNTY IMPROVEMENT AUTHORITY**  
**(A Component Unit of the County of Bergen**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**  
**(UNAUDITED)**

All of the current year's revenues and expenses are accounted for in the *Statement of Revenues, Expenses and Changes in Net Position*. This statement measures the results of the Authority's operations over the past year and can be used to determine whether the Authority has recovered all its costs through user fees and other charges, operational stability and credit worthiness.

The final required financial statement is the *Statement of Cash Flows*. This statement reports cash receipts and cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as what operational sources provided cash, what was the cash used for, and what was the change in cash balance during the reporting period.

*Notes to the Financial Statements*

The accompanying notes to the financial statements provide information essential to a full understanding of the financial statements. The notes to the financial statements begin immediately following the basic financial statements.

*Other Information*

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information. This supplementary information follows the notes to the financial statements.

**Financial Analysis of the Authority**

One of the most important questions asked about the Authority's finances is "Is the Authority as a whole better able to fulfill its mission as a result of this years activities?" The *Statement of Net Position* and the *Statement of Revenues, Expenses and Changes in Net Position* report information about the Authority's activities in a way that will help answer this question. These two statements report net position of the Authority and the changes in those assets. The reader can think of the Authority's net position – the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources – as one way to measure financial health or financial position. Over time, increases or decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider the non-financial factors such as changes in economic conditions, population growth, development, and new or changed government regulation.

**(UNAUDITED)**

**Net Position**

As year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the Authority as a whole.

The Authority's net position at fiscal year-end is \$27,522,619. This is \$30,763,685 increase over last year's restated net position of \$(3,241,066). A summary of the Authority's statement of net position is presented in the following table:

The Authority's operating revenues increased by \$42,992,234 to \$300,561,463 in fiscal year 2021 from \$257,569,229 in 2020. This increase is primarily due to increases in rent and service charges billed to Bergen New Bridge Medical Center. Non-operating revenues increased by \$2,892,449 to \$7,760,808 from \$4,868,359 largely due to amounts received for working capital loan debt service. Operating expenses increased by \$23,992,034 largely due to increases in expenses relating to management of the Authority's hospital operation. Non-operating expenses decreased by \$1,412,157 largely due to decreases in interest expense and note issuance costs.

**Budgetary Highlights**

The State of New Jersey requires local authorities to prepare and adopt annual budgets in accordance with the Local Authorities Fiscal Control Law and regulations adopted by the Local Finance Board pursuant to this statute and codified as N.J.A.C. 5:31-1 et seq. The statutory budget was designed to demonstrate to the Bureau of Authority Regulation of the Division of Local Government Services that the cash flows of the Authority for the coming year will be sufficient to cover operating expenses, interest accruing on bonded indebtedness and cash payments of maturing bond and loan principal.

Capital Assets, Net	<u>\$37,272,971</u>	<u>\$39,809,285</u>

The Authority's capital assets increased \$2,756,686 from the previous year. Amortization expense for 2021 was \$5,293,001.

Additional information on the BCIA's capital assets can be found in the Notes to the Basic Financial Statements.

**Debt Administration**

While the Authority has been aggressive in attracting conduit debt issues, it has two loans under the PSE&G Hospital Efficiency Program for projects at the New Bridge Medical Center that are its obligation. The first loan is for a Chiller plant upgrade in the amount of \$983,625, of which \$606,569 is outstanding at December 31, 2021. The second loan is for lighting and steam trap replacement projects in the amount of \$1,516,640, of which \$1,314,421 is outstanding as of December 31, 2021. In addition, the Authority has \$78,350,000 in Project Notes for the Medical Center Project outstanding as of December 31, 2021.

**Economic Factors, Future Years' Budgets and Rates**

The Commissioners and management of the Authority consider many factors when preparing each year's budget. Two of the main factors are the hospital operations and new regulations issued by the State and Federal Governments. Subsequent to year-end, the COVID-19 (coronavirus) pandemic has resulted in substantial economic volatility on a global scale. As a result, the Authority's economically sensitive operations might be negatively impacted. Hospital operations are hampered as non-COVID hospitalizations are curtailed. Meanwhile, the Authority's expenditures to comply with both State of New Jersey and CDC guidelines concerning safety regulations will have a negative effect on operations. In addition, other costs such as IT are expected to increase sharply. Given the uncertainty around the extent and timing of the potential future spread or mitigation of the coronavirus and around the imposition or relaxation of protective measures, management cannot reasonably estimate the actual impact on the Authority's financial position at this time.

**Contacting the Authority**

**BERGEN COUNTY IMPROVEMENT AUTHORITY**  
**(A Component Unit of the County of Bergen)**

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021 AND 2020**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The Bergen County Improvement Authority (the "Authority") is a public body politic, corporate, organized and existing under the County Improvement Authorities Law, constituting Chapter 183 of the Pamphlet Laws of 160, as Amended and Supplemented (the "Act"), N.J.S.A. 40:37A-1, et. seq., and was created by virtue of an ordinance of the County of Bergen, New Jersey (the "County"), adopted June 10, 1986. Prior to 1993, the Authority was inactive, and did not adopt a budget or have any transactions.

The Authority has broad powers under the Act including, among others, the following: to retain, operate and administer its property; to provide for bonds and to secure their payment and rights of holders thereof; to charge and collect service charges for the use of its facilities and to revise such service charges to ensure that the revenues of the Authority will at all times be adequate to pay all operating and maintenance and expenses, including reserves, insurance, extensions and replacements, and to pay the principal of and the interest on any bonds or loans, and to maintain such reserves or sinking funds therefore as may be required by the terms of any contract of the Authority; and to make and enforce rules and regulations for the management of its business and affairs.

The Authority is governed by a Board of Commissioners (the "Board") consisting of five members appointed by the County of Bergen Board of Chosen Freeholders. An Executive Director is appointed by the Board and functions as Chief Executive Officer responsible for the daily operations of the Authority. A Chief Financial Officer is appointed by the Board and oversees the fiscal affairs of the Authority.

**Component Unit**

In evaluating how to define the Authority for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit would be or is reported in a separate column in the financial statements to emphasize that it is legally separate from the government.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021 AND 2020**  
**(CONTINUED)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

**Component Unit, (continued)**

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the Authority has no component units and is a component unit of the County of Bergen.

**B. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The accounts of the Authority are organized on the basis of funds, in accordance with the various Bond Resolutions (see Note 3), each of which is considered a separate accounting activity. The operations of each system are accounted for with a separate set of self-balancing accounting records that comprise its assets, deferred inflows and outflows, liabilities, net position, revenues and expenses. Government resources are allocated and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various activities are grouped into one generic fund type and one broad fund category, as follows:

**Proprietary Fund Type**

*Enterprise Fund* - The Enterprise Fund is used to account for governmental operations which are financed and operated in a manner similar to private enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to its users on a continuing basis be financed or recovered primarily through user charges.

**DECEMBER 31, 2021 AND 2020**  
**(CONTINUED)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**B. Measurement Focus, Basis of Accounting and Financial Statement Presentation, (continued)**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The Authority's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. All assets, all deferred inflows and outflows and all liabilities associated with these operations are included on the Statement of Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Authority's financial transactions are recorded in accounts that are created by various resolutions adopted by the Authority to meet bond or note covenant requirements (more fully defined in Note 3).

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Authority to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates are used to determine useful lives of leasehold improvements and certain claims and judgment liabilities, among other accounts. Accordingly, actual results could differ from those estimates.

**Reclassifications**

Certain reclassifications have been made to the December 31, 2020 balances to conform to the December 31, 2021 presentation.

C. **Assets, Deferred Inflows and Outflows, Liabilities and Net Position**

**Cash, Cash Equivalents and Investments**

Cash and cash equivalents are considered to be cash on hand, cash in banks, certificates of deposit, deposits with the New Jersey Cash Management Fund and all short-term investments with original maturities of three months or less from the date of purchase. Investments are reported at market value and except for the operating accounts are limited by the 1997 Bond Resolution as amended and supplemented thereto. Operating account investments are limited by NJSA 40A:5-15.1 et seq.

**Inventory**

The costs of inventories are deemed immaterial and are recognized as expenses when purchased rather than when consumed. The Authority does not record inventory on its statement of net position.

**Accounts Receivable**

All receivables are reported at their gross value and where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Changes in the allowance for uncollectibles is recorded as an adjustment to revenue or as bad debt expenses depending on its effect on current year or prior year allowance amounts and the results of those changes.

**Restricted Assets**

Certain assets are classified as restricted on the statement of net position because they are maintained in separate bank accounts and their use is limited by the various Bond Resolutions as amended and supplemented thereto or are held in trust for state unemployment compensation insurance benefits.

**Capital Assets**

All capital assets acquired or constructed by the Authority are reported as expenses in the account that finances the acquisition of the assets and are capitalized in the Operating Accounts. Capital assets are defined by the Authority as assets with an individual cost of \$2,000 and an estimated useful life, of at least two years. Such capital assets are valued at historical costs.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Construction costs are charged to construction in progress until such time as they are completed and certified by the Authority's consulting engineers, at which time they are transferred to their respective asset category and are then depreciated over their useful lives.

All capital assets are depreciated on the straight-line method based on their asset class and estimated useful lives as follows:

IT Upgrades	7 Years
Infrastructure	30 Years
Plant Upgrades	20 Years

Depreciation is charged as an expense against operations.

**Deferred Outflows and Deferred Inflows of Resources**

The Statement of Net Position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

**Deferred Outflows and Deferred Inflows of Resources, (continued)**

Transactions are classified as deferred outflows of resources and deferred inflow of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The Authority is required to report the following as deferred outflows of resources and deferred inflows of resources:

**Defined Benefit Pension Plans/Other Postemployment Benefits** - The difference between expected (actuarial) and actual experience, changes in actuarial assumptions, net difference between projected (actuarial) and actual earnings on pension plan investments, changes in the Authority's proportion of expenses and liabilities to the pension as a whole, differences between the Authority's pension contribution and its proportionate share of contributions, and the Authority's pension contributions subsequent to the pension valuation measurement date.

**Compensated Absences**

Sick leave, personnel time, compensatory time and salary related payments and in certain instances vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the Authority will compensate the employee for the benefits.

**Long-Term Obligations**

Long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds.

**Net Position**

Restricted net position is limited to outside third-party restrictions either by law or by other organizations or persons external to the Authority. Unrestricted net position represents the net position neither restricted nor invested in capital assets, net of related debt.

**Net Position Flow Assumption**

Sometimes the Authority will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted — net position and unrestricted — net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted — net position to have been depleted before unrestricted — net position is applied.

D. **Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for services. Operating expenses include the cost of operations and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. State and federal grants for the operation of the Authority are considered operating revenues. Transactions or other events that are both unusual in nature and infrequent in occurrence are reported as extraordinary items.

2. **STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Budgets and Budgetary Accounting**

The Authority annually prepares operating budgets for the General Fund, Bergen Regional Medical Center, Overpeck Landfill, and Golf Course. The budgets are prepared in accordance with the Budget Manual for Local Public Authorities as promulgated by the Division of Local Government Services, Bureau of Authority Regulation, which differs in certain respects from accounting principles generally accepted in the United States of America. The budgets serve as a plan for expenses and the proposed means for financing them. Budgetary control is exercised within the respective system. Unexpended appropriations lapse at year end.

The annual budgets are approved at least sixty days prior to the beginning of the fiscal year. The budgets must be approved by the Board and submitted to the Division of Local Government Services, Bureau of Authority Regulation for approval prior to adoption. Budget adoptions and amendments are recorded in the Authority's minutes.

**2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY, (continued)**

Six Year Capital budgets are also prepared for each system. Included within the budgets are individual projects along with their estimated cost, completion date and source of funding.

**Designated Unrestricted Net Position**

The Authority is permitted under budgetary accounting practices promulgated by the Division of Local Government Services to designate unrestricted net position. The Authority Board of Commissioners may formally dedicate net position to establish designations of unrestricted net position to meet policy adopted by the Board. As of December 31, 2021 and 2020, the Authority has \$41,977,176 and \$6,723,254 of net position designated for various purposes more fully described in Note 24.

**3. CREATION OF FUNDS**

In accordance with the bond resolution, the Authority has established the following accounts for the following restricted purposes:

<u>Account</u>	<u>Use for Which Restricted</u>
<u>General Fund:</u>	
Debt Service Fund	Principal and interest on the Authority's bonds.
Construction Fund	Various capital projects of the Authority.
<u>Hospital Fund:</u>	
Debt Service Fund	Principal and interest on the Authority's bonds and notes.
Construction fund	Various capital projects of the Authority.
Working Capital Fund	Working capital loans to Medical Center facilities.

In addition, the Authority has established trust accounts to be held in reserve for payroll and related liabilities, such as State Unemployment Insurance.

**4. DEPOSITS AND INVESTMENTS**

**Deposits** - The Authority's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Authority is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At December 31, 2021 and 2020, the book value of the Authority's deposits were \$26,777,225 and \$18,877,521, respectively, and bank balances of the Authority's cash and deposits amounted to \$26,808,772 and \$18,922,416, respectively.

The Authority's deposits which are displayed on the balance sheet as "cash and cash equivalents" are categorized as:

<u>Depository Account</u>	<u>2021</u>	<u>2020</u>
Insured:		
Restricted	\$11,633,397	\$13,924,152
Unrestricted	<u>15,143,828</u>	<u>4,953,369</u>
	<u>\$26,777,225</u>	<u>\$18,877,521</u>

**Custodial Credit Risk - Deposits** - Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Authority does not have a formal policy for custodial credit risk. As of December 31, 2021 and 2020, none of the Authority's bank balances were exposed to custodial credit risk.

**Investments**

The Authority's investment practices are governed by New Jersey State Statute 40A:5-15, Statutes authorize the Authority to invest in certificates of deposit, repurchase agreements, passbooks, and other available bank investments provided that approved securities are pledged to secure those funds on deposit in an amount equal to the amount of those funds and a maturity date not greater than 12

months from the date of purchase. In addition, the Authority can invest in direct debt securities of the United States or obligations guaranteed by the United States, bonds and other obligations of the local municipality or bonds or obligations of school districts of which the Authority is a part or within which the Authority is located unless such investments are expressly prohibited by law.

Monies in the funds established under the Bond Resolutions may be invested at the Authority's direction in Investment Securities, which are defined by the Bond Resolutions as:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America.
- (2) Government money market mutual funds.
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located.
- (5) Bonds or other obligations having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the State Department of the Treasury for investment by local units.
- (6) Local government investment pools.
- (7) Deposits with the State Cash Management Fund established pursuant to Section 1 of P.L. 1977, c.281 (N.J.S.A. 52:18A-90.4).
- (8) Certain agreements for the repurchase of fully collateralized securities, as defined in the Bond Resolutions.

As of December 31, 2021 and 2020, the Authority had no investments.

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority's investment maturities are limited by its bond indenture as a means of managing its exposure to interest rate risk. Additionally, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Monies in the funds established under the Resolutions may be invested at the Authority's discretion in Investment Obligations, which are defined by the Resolutions.

**Credit Risk** - The Bond Resolution and State law (N.J.S.A. 40A:5-15.1) limits investments as noted above. The Authority does not have an investment policy that would further limit its investment choices.

**Concentration of Credit Risk** - The Authority places no limit in the amount the Authority may invest in any one issuer.

**5. RESTRICTED ASSETS**

Bond covenants of the Authority require portions of the debt proceeds as well as other resources to be set aside for various purposes under the control of the Bond Trustee. These amounts are reported as restricted assets, Cash and investments restricted for debt service payment on bonds are segregated in the "Debt Service Fund" accounts. Cash and investments restricted for use in construction are segregated in the "Construction Fund" accounts.

In addition, the Authority has established trust accounts to be held in reserve for payroll and related liabilities, such as State Unemployment Insurance.

The Authority's Project Notes establish the following restricted accounts:

<u>Construction Fund</u> –	Restricted for the portion of the costs of the Project pertaining to various capital improvements to the facilities.
<u>Working Capital Fund</u> –	Restricted for the portion of the costs of the Project pertaining to working capital loans to the Medical Center facilities.
<u>Debt Service Fund</u> –	Restricted for interest and principal payments on the Notes.
<u>Cost of Issuance Fund</u> –	Restricted for payment of the costs of issuance on the Notes.

**8. CONDUIT DEBT OBLIGATIONS**

To further economic development in the County, the Bergen County Improvement Authority has issued bonds that provide capital financing to governmental and non-governmental entities in the County of Bergen for various capital projects. The assets financed are pledged as collateral, and the bonds are payable solely from payments received from these entities on the underlying debt. In

costs and expenses incidental to the issuance, sale and delivery of the Refunding Bonds. The principal of and interest on the Refunding Bonds shall be secured by the pledge of the Trust Estate (as defined in the Bond Resolution) by the Authority to the Trustee, which Trust Estate shall include, among other things: a portion of the loan payments made by the Board of Education of the City of Englewood, in the County of Bergen, New Jersey, pursuant to an Amended and Restated Loan Agreement, dated as of September 6, 2012 by and between the Authority and the Board of Education, which Loan Payments are secured by a General Obligation Bond issued by the Board of Education to the Authority dated July 14, 2004, as amended on the date of delivery of the Refunding Bonds. Payment of the School District Bond shall be made from the levy of ad valorem taxes upon all the taxable property within the jurisdiction of the School District, without limitation as to rate or amount, and which Loan Payments shall be assigned by the Authority to the Trustee for the payment of the principal (including sinking fund payments, if any) of and interest on the Refunding Bonds in accordance with the terms of the Bond Resolution and the Amended and Restated Loan Agreement.

In August 2012, the Authority issued \$10,515,000 of County Guaranteed Refunding Revenue Bonds, Series 2012 (Fair Lawn Community Center, Inc. Project). The Bonds bear interest at various rates between 1.50% and 5.00% and have a final maturity of September 15, 2034.

The Refunding Bonds were issued to (i) advance refund \$10,115,000 outstanding principal amount of County of Bergen Guaranteed Revenue Bonds, Series 2004 (Fair Lawn Community Center, Inc. Project) maturing on September 15, in the years 2015 through 2021, inclusive, 2025 and 2034 (the "Refunded Bonds"); and (ii) pay certain costs of issuing the Refunding Bonds. The Refunded Bonds were issued to make a loan to the Fair Lawn Community Center, Inc. for the purpose of financing (a) the construction and equipping of an approximately 42,000 square foot recreational and community center, located in the Borough of Fair Lawn, New Jersey; and (b) the payment of certain costs of issuing the Refunded Bonds. To evidence its obligation to repay such loan and secure the Refunding Bonds, the Borrower and the Authority entered into a First Amendment to Loan Agreement dated as of September 1, 2012, setting forth the rights and obligations of the parties thereto. The Borough will make payments under the First Amendment to Lease Agreement dated as of September 1, 2012 between the Borough and the Borrower in amounts sufficient to enable the Borrower to meet its payment obligations under the Amended Loan Agreement. Payment of the principal of (including sinking fund payments, if any) and interest on the Refunding Bonds are further secured by a full, unconditional and irrevocable guaranty of the County of Bergen, New Jersey.

The Township's obligation to make Rental payments under the Lease Agreement is a valid and binding obligation of the Township for which the Township is obligated to make the Rental payments under the Lease Agreement, and if such payments are not made, such payments shall be payable from the levy of *ad valorem* taxes upon all the taxable property in the Township without limitation as to rate or amount.

The Bonds are further secured by a full, irrevocable and unconditional guaranty from the County of Bergen, State of New Jersey to pay, when due, the principal of and interest on the Bonds. The County has the power and the obligation, if necessary, to cause the levy of *ad valorem* taxes upon all taxable property within the County without limitation as to rate or amount for the payment of the principal of and interest on the Bonds.

**AA. Series 2021 County Guaranteed Governmental Loan Revenue Bonds**

In fiscal year 2021, the Authority issued \$46,840,000 principal amount of County Guaranteed Governmental Loan Revenue Bonds, Series 2021. The bonds bear interest at rates ranging from .433% to 5.00% and have a final maturity of February 15, 2039.

The Bonds are being issued to: provide funds to make loans to the Borough of East Rutherford, the Borough of Little Ferry and the County of Bergen to refund certain existing debt of the Borrowers; and pay certain costs of issuance of the Bonds.

**AA. Series 2021 County Guaranteed Governmental Loan Revenue Bonds, (continued)**

The Bonds constitute special obligations of the Authority and are secured only by those revenues of the Authority which are derived by the Authority from the loan repayments made by the Borrowers pursuant to the general obligation bonds of the Borrowers purchased by the Authority pursuant to each Bond Purchase Agreement between the Authority and each Borrower to evidence each respective loan from the Authority to the Borrowers. The Loan Repayments made pursuant to the Borrower Bonds are pledged by the Authority for the payment of the principal of, redemption premium, if any, and interest on the Bonds.

The Bonds are further secured by a full, irrevocable and unconditional guaranty (the "County Guaranty") from the County to pay, when due, the principal of and interest on the Bonds. The County has the power and the obligation, if necessary, to cause the levy of *ad valorem* taxes upon all taxable property within the County without limitation as to rate or amount for the payment of the principal of and interest on the Bonds.

**9. LONG-TERM DEBT**

**NEW BRIDGE MEDICAL CENTER PROJECT**

On August 31, 2020, the Authority issued \$78,350,000 principal amount of County Guaranteed Project Notes (Bergen New Bridge Medical Center Project), Series 2020 consisting of \$49,955,000 County Guaranteed Project Note, Series 2020A and \$28,395,000 County Guaranteed Project Note, Series 2020B.

The Series 2020A Note is being issued, together with other available funds, for the purpose of refunding, on a current basis, the Authority's outstanding County Guaranteed Project Note (Bergen New Bridge Medical Center Project) Series 2019A, dated February 28, 2019 and maturing on September 1, 2020. The 2019A Note refunded the Authority's County Guaranteed Project Note (Medical Center Project) Series 2017A. The Series 2017A Note was originally issued to provide funding for (i) the cost, acquisition and construction of various capital improvements to Bergen New Bridge Medical Center (the "Medical Center"); and (ii) paying the cost of issuance of the Series 2017A Note.

The Series 2020B Note is being issued, together with other available funds, for the purpose of refunding, on a current basis, the Authority's outstanding (i) County Guaranteed Project Note (Bergen New Bridge Medical Center Project) Series 2019B, dated February 28, 2019 and maturing on September 1, 2020. The Series 2019B Note refunded the Authority's County Guaranteed Project Note (Medical Center Project) Series 2017B and the Authority's County Guaranteed Project Note (New Bridge Medical Center Project), Series 2018. The Series 2018 Note and Series 2017B Note were originally issued to provide funding for (i) working capital for the Authority with respect to the Medical Center; and (ii) paying the cost of issuance of the Series 2018 Note and Series 2017B Note.

The Series A Notes have an interest rate of 3.00% and mature on August 15, 2022. The Series B Notes have an interest rate of 2.00% and mature on August 15, 2022.

**11. MEDICAL CENTER**

**Bergen New Bridge Medical Center**

The County executed a Lease and Agreement, dated December 17, 1997 (the "County/Authority Agreement"), with the Authority, pursuant to which the County transferred the license for the operation of the Medical Center to the Authority, conveyed to the Authority a 19-year leasehold interest in the Medical Center, and delegated to the Authority the responsibility for managing, administering, operating and maintaining the Medical Center. The Authority thereupon executed a Lease and Operating Agreement, dated December 17, 1997, as amended and supplemented (collectively the "1997 Authority Lease and Operating Agreement") with Solomen Health Group, L.L.C. ("Solomen"), pursuant to which the Authority conveyed to Solomen a 19-year sub-leasehold interest in the Medical Center and delegated to Solomen the day to day responsibility for managing, administering, operating and maintaining, at its sole expense (except for capital improvements) and for and on behalf of the Authority and as its agent, the Medical Center. The County/Authority Agreement and the 1997 Authority Lease and Operating Agreement each became effective on March 15, 1998. Solomon thereupon assigned its interest in the 1997 Authority Lease and Operating Agreement to a related entity, Bergen Regional Medical Center, L.P. (the "Manager"), which assumed all of Solomen's rights and obligations under the Authority Lease and Operating Agreement. Under such Assignment, Solomon remained a guarantor of such entity's performance thereunder.

The original expiration date of the 1997 Authority Lease and Operating Agreement of March 14, 2017 was extended by way of an amendment to the 1997 Authority Lease and Operating Agreement to September 30, 2017. By way of a separate agreement, the accounts receivable loan repayment by the Manager to the Authority, with an original maturity date of March 2020, was accelerated to December 31, 2017, with a corresponding discount and reduction in the principal and accrued interest due and owing by the Manager on the accounts receivable loan, so that the total amount due and owing on the accounts receivable loan is \$22,500,000. Payments by the Manager on the accounts receivable loan commenced on February 5, 2017 and all amounts due and owing to the Authority shall be paid by the Manager by the maturity date of December 31, 2017.

In anticipation of the expiration of the BCIA Lease and the LOA, on April 10, 2015 Executive Order No. 2015-03 was signed by the County Executive ordering and directing the establishment of a fifteen (15) member Healthcare Advisory Committee to explore how the BRMC may: (1) provide quality healthcare to residents of Bergen County and northern New Jersey; (2) provide a healthcare safety net for the elderly, indigent and those in need of emergency services; (3) provide for Veteran services; (4) adapt to changes in the healthcare market; and (5) provide quality healthcare services in a cost efficient manner.

On April 27, 2016, the Healthcare Advisory Committee issued the Healthcare Advisory Committee Report identifying guiding principles and establishing goals and objectives related to the future operations of BRMC and the selection of a tenant-operator or third-party operator, as follows:

- (i) Strong Capabilities in Acute Care, Behavioral Health and LTC,
- (ii) Maintenance, Improvement and Growth of Patient Services,
- (iii) Structure of Governance and Appropriate Oversight,
- (iv) Transparency & Collaboration with the BCIA and Other Stakeholders,
- (v) Alignment of Strategic Interests,
- (vi) Access for Bergen County Residents and the Underserved,
- (vii) Capital Commitments and Financial Considerations,
- (viii) Employee Retention, Advancement and Workplace Safety, and
- (ix) Sustainable and Viable Relationship

The BCIA and the County approved an amendment to the BCIA Lease on February 23, 2017, so that the Lease Term Closing Date would be coterminous with that of the LOA as changed by the Sixth Supplement.

**Bergen New Bridge Medical Center, (continued)**

The County and the BCIA desire to enter into this Agreement in order to establish the terms and conditions relating to the lease of the BRMC to the BCIA, who will then sublet BRMC through a Sublease, Lease and Operating Agreement with a Tenant-Operator.

By a Sublease, Lease and Operating Agreement dated July 14, 2017 between the Bergen County Improvement Authority (the "Sublessor") and Care Plus Bergen, Inc., a New Jersey nonprofit corporation (the "Tenant-Operator"), the Sublessor desires to sublease certain buildings located on the Property and lease certain assets to the Tenant-Operator and for the Tenant-Operator to operate the Facility, and the Tenant-Operator desires to sublease certain buildings located on the Property and lease certain assets from the Sublessor and to operate the Facility for a period of nineteen (19) years with a commencement date of October 1, 2017.

As of the Commencement Date, the Tenant-Operator assumed the full operation of the Facility, including the responsibility for the maintenance and repair of the facilities and equipment including, but not limited to, the heating, ventilation and air conditioning systems, plumbing, electrical systems, sprinkler systems and the IT Systems (which shall include updates and upgrades to hardware and software to maintain the same in accordance with the IT Standards throughout the Term).

Under Section 11.1 of the Lease and Operating Agreement, Rent shall be equal to ninety percent (90%) of EBITDAR (total operating revenue minus total operating expenses recorded pursuant the GAAP, plus interest expense, income taxes, depreciation, amortization and the lease expense for the Subleased Premises and the Leased Assets (not excluding any other operating lease expense), less interest income and investment income), payable on a monthly basis commencing October 31, 2017 and continuing on or before the last business day of each month thereafter during the term. Under Section 11.2 of the LOA, During the Term, the Tenant-Operator will pay all expenses associated with the operation of the Facility, including, but not limited to, all utilities, supplies, purchased services (including management fees), professional service fees, employee compensation and benefits, Pastoral Care Services, applicable property taxes (including payments in lieu of taxes or any other government impositions) and insurance costs.

Under Section 11.3 of the LOA, The Tenant-Operator shall require up to Twenty Million (\$20,000,000) Dollars prior to and on the Commencement Date to fund all of the Tenant-Operator's working capital (including twenty-one (21) days of DCOH (Days Cash on Hand) and other transaction expenses (the "Initial Cash Requirements") as follows:

- (a) Up to Two Million (\$2,000,000) Dollars for transaction expenses actually incurred by the Tenant-Operator (the "Transaction Expense"); and
- (b) Working Capital of Eighteen Million (\$18,000,000) Dollars ("the Working Capital Escrow").

The Sublessor shall fund the Initial Cash Requirements through a loan in accordance with the terms of a promissory note made by the Tenant-Operator in favor of the Sublessor. Interest on the Sublessor Loan shall accrue at a rate equal to the Sublessor's actual interest expense. The Tenant-Operator shall not be permitted to borrow money other than through the Sublessor Loan or as otherwise approved by the Sublessor in writing.

Under Section 11.5 (a) of the LOA all cash receipts related to patient service revenue generated by the Tenant-Operator shall be collected by the Sublessor except for professional medical services provided by Rutgers Physicians and that are billed by Rutgers and/or its agent; (b) On each of (1) the fifteenth (15<sup>th</sup>) day of each month (or the first business day following the fifteenth (15<sup>th</sup>) day of the month) and (2) the last business day of each month, the Sublessor shall remit the lessor of: (i) actual cash receipts collected or (ii) fifty percent (50%) of monthly budgeted operating expenses (excluding Total Rent Payments, Accrued Rent Interest and interest expense related to the Sublessor Loan), net of budgeted professional fee collections that the Tenant-Operator is expected to receive from Rutgers.

The Authority (BCIA) has issued County Guaranteed Project Notes (Medical Center Project) to provide funds to the Authority to (i) finance various capital improvements and equipment for the Bergen Regional Medical Center including, but not limited to, parking lot improvements, assessment and improvements to electrical power supply systems, HVAC, electrical vault, and air ventilation shaft improvements, boiler replacement and information technology improvements; (ii) to provide funds to the Authority to provide working capital with respect to the Medical Center; and (iii) pay the costs of issuance.

The Borrower shall make principal and interest payments consisting of accrued and unpaid interest, in arrears, and the outstanding principal balance beginning on October 1, 2017 in accordance with Section 11 of the LOA, and the principal balance shall be paid no later than the termination date set forth in Section 15.1 of the LOA.

**12. FUTURE CAPITAL PROJECTS**

Certain types of capital projects of the Hospital will be the responsibility of the County or the Authority, under the terms of the Lease Agreement. Various capital projects are presently in progress funded by appropriations of the County. The Authority has engaged a Construction Manager to oversee all the capital projects at the Hospital. Additionally, a reserve is being established which is being contributed to by both the County and the Manager to finance certain joint projects in the future. Project requests for the year 2021 are being prepared by the Hospital for review by the Authority and the County.

**13. EMERSON/ORADELL LAND ACQUISITION PROJECT**

The Authority has purchased certain real property, approximately 135 acres of which are located within the Boroughs of Emerson and Oradell, in the County of Bergen. The real property is currently the site of the Emerson Golf Club, a private 18-hole golf course, as well as other undeveloped parcels.

The Authority has leased the Property to the County pursuant to a Lease Agreement with the County (the "Lease Agreement"). The County intends to continue to use the Property as a County run 18-hole golf course.

**14. LITIGATION**

We are advised by the Authority's Counsel of the following matters:

**Bergen County Improvement Authority v. Bergen Regional Medical Center, L.P.**

Nature of Complaint: Breach of Settlement Agreement

Claims Asserted: This litigation was settled as of January 17, 2020. On November 11, 2022, Defendants allege a breach of the settlement agreement by BCIA for unpaid cash receipts in the amounts of \$660,124.62 (2020) and \$66,244.24 (2021), respectively.

Defenses: While the BCIA acknowledges there may be a [lower] undetermined amount of cash receipts owed to BRMCLP, it asserts that BRMCLP owes BCIA \$280,755.42, due to Psych Cost Sharing (PCS) program action, wherein government funding was clawed back from BCIA, attributable to a time period when services at the BCIA's hospital were rendered by BRMCLP.

Status: In accordance with the terms of the settlement agreement, the Hon. Robert P. Contillo, P.J. Ch. (Ret.) Shall act as arbitrator on all disputes arising from the settlement agreement. The parties have been actively engaged in conferences with Judge Contillo to resolve the matter. It is anticipated that the BCIA should be receiving funds from BRMCLP at the conclusion of the matter, however there is a possibility the BCIA would contribute an undetermined amount of unpaid cash receipts to BRMCLP; a number less than \$660,124.62.

**CS v. Bergen County Utilities Authority**

In 2021, there was a claim against the BCIA by C.S. alleging liability under the Child Sexual Abuse Act and negligence theories. Plaintiff served a Demand for Damages in September 2021 for \$75,000,000. C.S. dismissed all claims against the BCIA in 2022 in exchange for payment of \$50,000.

**15. CONTRIBUTIONS**

Various expenses are paid by the County of Bergen on behalf of the Hospital including capital improvements which are recorded as capital contributions and medical insurance costs applicable to retired employees which are recorded as operating contributions. Capital and operating contributions recorded in the Hospital Fund for the years ended December 31, 2021 and 2020 are \$277,728 and \$7,860,223, respectively.

**16. RELATED -PARTY TRANSACTIONS**

As discussed in Note 11, the Authority entered into a lease and agreement for Bergen Pines County Hospital, now known as the Bergen New Bridge Medical Center, with the County, and a lease and operating agreement for Bergen Pines County Hospital, now known as the Bergen New Bridge Medical Center, with Care Plus Bergen, Inc. These agreements require the Authority to provide certain administrative and financial services in conjunction with the implementation of these agreements. The County provides personnel to act on behalf of the Authority in fulfillment of the obligations undertaken by the Authority pursuant to these agreements. During 2021 and 2020, the Authority reimbursed the County \$307,077 and \$297,160, respectively, for these personnel services.

In addition, the County provides office space and various administrative services to the Authority. The County and the Authority have agreed that the Authority pay the cost for such services. For 2021 and 2020, the cost was \$75,000 and \$75,000, respectively.

The funds that County Nursing Facilities providers receive, as reimbursement for the services provided to Medicaid beneficiaries, come partly from the State and partly from the Federal government, and intergovernmental transfers may be used as a means of partially satisfying the State's share of Medicaid costs.

The County entered into the Agreement in order to provide additional Medical Assistance payments to qualifying County Nursing Facilities providers that participate in the Medicaid program. All expenses of these issuances including interest are paid for by the State of New Jersey.

During 2004, the County of Bergen has transferred the responsibility for implementing the operation of the Bergen County Equestrian Center to the Bergen County Improvement Authority. During 2012, the Authority transferred the responsibility for the operation of the Bergen Equestrian Center back to the County of Bergen – Parks Division.

Additionally, the County of Bergen, through a grant agreement with the Bergen County Improvement Authority, has transferred the responsibility for implementing the closure and redevelopment of the Overpeck County Park Landfill to the BCIA.

**17. OVERPECK COUNTY PARK DEVELOPMENT AGREEMENT**

The County of Bergen owns Overpeck County Park, which had been a municipal sanitary landfill from 1952 to 1975. Four hundred acres of the site remain undeveloped. The site was conveyed to the County by the Village of Ridgefield Park, Township of Teaneck, Borough of Leonia, Borough of Palisades Park and City of Englewood for the purpose of development as a public park. The site to be developed includes land in Ridgefield Park, Teaneck, Leonia, and Palisades Park.

**17. OVERPECK COUNTY PARK DEVELOPMENT AGREEMENT, (continued)**

The County entered into an amended final judgement on October 1, 2002 that requires the redevelopment of portions of the site by September 30, 2009. The natural forces of erosion have caused the site to deteriorate. It is necessary to close the landfill under present D.E.P. requirements to develop the park facilities in the future.

The County had, by letter dated March 20, 2003, indicated to the BCIA its desire that the BCIA take on the responsibility, on behalf of the County, of engaging in such landfill operations at the Site of the Project as will ultimately enable the BCIA, on behalf of the County, to improve, further and promote the recreational attractiveness of the County through the planning, acquisition, construction, improvement, maintenance and operation, at the Site of the Project, of facilities for the recreation and entertainment of the citizens of the County.

By resolution dated March 31, 2003 (Resolution No. 03-19), the BCIA has authorized and directed its commissioners and officers, for and on behalf of the BCIA, to take such action, and to execute and deliver in the name of the BCIA such documents, as may be necessary or appropriate to cause the BCIA to undertake on behalf of the County the responsibility for such landfill redevelopment operations at the Site.

In connection with the BCIA's undertaking the Project at the Site, the BCIA will be required to retain professionals and/or contractors to provide bank stabilization; to install such environmental monitoring and control devices as may be necessary to close the former landfill; to provide wetlands mitigation as required; to obtain and deposit beneficially reusable material on Site and grade the same in accordance with the requirements of the Amended Final Judgment; to develop active and passive park facilities at the Site for use by the public; and to obtain all Federal, State and Local permits and approvals that may be required for the completion of such tasks.

In order to enable the BCIA to undertake the responsibilities of the County under the Amended Final Judgment, including the issuance of bonds that may be required in order to finance the closing of the landfill in accordance with law, the County and the BCIA entered into an agreement dated June 20, 2003 entitled "Overpeck County Park Development Agreement", a copy of which is on file with the BCIA.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

Defined Contribution Retirement Program, (continued)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS. This amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning 2012, of the employee's annual compensation, as defined by law. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS.

The Authority's contribution to the various plans, equal to the required contributions for each year, were as follows:

<u>Year</u>	<u>PERS</u>	<u>DCRP</u>

**Public Employees Retirement System (PERS)**

At December 31, 2021, the Authority had a liability of \$332,802 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2021, the Authority's proportion was .0028092856 percent, which was an increase of .0000764357 percent from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the Authority recognized pension benefit of \$20,727. At December 31, 2021, deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$5,249	\$2,382
Changes of assumptions	1,733	118,480
Net difference between projected and actual earnings on pension plan investments		87,669

Amounts reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date (June 30, 2021) will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions (excluding changes in proportion) will be recognized in pension expense as follows:

Year ended December 31:	
2022	\$(78,527)
2023	(56,068)
2024	(38,229)
2025	(28,736)
2026	11

**Changes in Proportion**

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.13, 5.16, 5.21, 5.63, 5.48 and 5.57 years for 2021, 2020, 2019, 2018, 2017 and 2016 amounts, respectively.

**Actuarial Assumptions**

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00-6.00% (based on years of service)
Thereafter	3.00-7.00% (based on years of service)
Investment Rate of Return	7.00 Percent

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

**Mortality Rates**

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non- Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement based on Scale MP-2021.

**Long-Term Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

**Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate**

The following presents the collective net pension liability of the participating employers as of June 30, 2021, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1- percentage-point higher than the current rate:

	<u>June 30, 2021</u>		
	<u>1%</u>	<u>At Current</u>	<u>1%</u>
	<u>Decrease</u>	<u>Discount Rate</u>	<u>Increase</u>

**20. OTHER POST EMPLOYMENT BENEFITS (OPEB)**

In addition to the pension described in Note 19, the Authority provides post employment health care benefits as part of the State Health Benefits Local Government Retired Employments Plan.

**General Information about the OPEB Plan**

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement providing they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Total OPEB Liability**

At December 31, 2021, the Authority had a liability of \$682,192 for its proportionate share of the non-special funding net OPEB liability. The net OPEB liability was measured as of June 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net OPEB liability was based on a projection of the Authority's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers in the plan. At June 30, 2021 the Authority's proportion was .003790 percent which was a decrease of .000049 percent from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the Authority recognized OPEB benefit of \$4,004. At December 31, 2021, deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$15,308	\$142,725
Changes of assumptions	98,135	120,585
Net difference between projected and actual earnings on OPEB plan investments	326	
Changes in proportion and differences between the Authority's contributions and proportionate share of contributions	<u>107,177</u>	<u>147,399</u>
Total	<u>\$220,946</u>	<u>\$410,709</u>

Amounts reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB (excluding changes in proportion) will be recognized in OPEB expense as follows:

Year ended June 30:	
2022	\$(40,733)

**Changes in Proportion**

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 7.82, 7.87, 8.05, 8.14 and 8.04 years for 2021, 2020, 2019, 2018 and 2017 amounts, respectively.

**Actual Assumptions and Other Inputs**

The total OPEB liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. The total OPEB liability as of June 30, 2020 was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation rate	2.50%
Salary increases*:	
Public Employees' Retirement System (PERS)	
Initial fiscal year applied	
Rate through 2026	2.00% to 6.00%
Rate thereafter	3.00% to 7.00%

**Health Care Trend Assumptions**

For pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2020 are reflected.. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

**Discount Rate**

The discount rate for June 30, 2021 and 2020 was 2.16% and 2.21%, respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

The following presents the Authority's proportionate share of the net OPEB liability as of June 30, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1 percentage point higher than the current rate:

**21. FEDERAL ARBITRAGE REGULATIONS**

The Authority is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At December 31, 2021 and 2020, the Authority had no estimated arbitrage earnings due to the IRS.

**22. RECENT ACCOUNTING PRONOUNCEMENTS**

In May 2019, the Government Accounting Standards Board issued GASB Statement No. 91, Conduit Debt Obligations. This Statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. This Statement is effective for reporting periods beginning after December 15, 2020. The Authority believes this Statement will impact the reporting and/or disclosures related to its conduit debt issues.

In May 2020, the Government Accounting Standards Board issued GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The effective dates of certain provisions contained in the following pronouncements are postponed by one year: Statement No. 83, *Certain Asset Retirement Obligations*; Statement No. 84, *Fiduciary Activities*; Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*; Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*; Statement No. 90, *Majority Equity Interests*; Statement No. 91, *Conduit Debt Obligations*; Statement No. 92, *Omnibus 2020*; Statement No. 93, *Replacement of Interbank Offered Rates*; Implementation Guide No. 2017-3, *Accounting and Financial Reporting for postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting)*; Implementation Guide No. 2018-1, *Implementation Guidance Update—2018*; Implementation Guide No. 2019-1, *Implementation Guidance Update—2019*; Implementation Guide No. 2019-2, *Fiduciary Activities*. The effective dates of the following pronouncements are postponed by 18 months: Statement No. 87, *Leases*; Implementation Guide No. 2019-3, *Leases*. The requirements of this Statement are effective immediately.

In May 2020, the Government Accounting Standards Board issued GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The Authority is still determining the effects, if any, this statement will have on future financial statements.

In June 2020, the Government Accounting Standards Board issued GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement that (1) exempt primary governments that perform the duties that a governing board typically performs from treating the absence of a governing board the same as the appointment of a voting majority of a governing board in determining whether they are financially accountable for defined contribution pension plans, defined contribution OPEB plans, or other employee benefit plans and (2) limit the applicability of the financial burden criterion in paragraph 7 of Statement 84 to defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement 67 or paragraph 3 of Statement 74, respectively, are effective immediately. The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. For purposes of determining whether a primary government is financially accountable for a potential component unit, the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted by requirement as specified within this Statement. The Board considered the effective dates for the requirements of this Statement in light of the COVID-19 pandemic and in concert with Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The Authority is currently reviewing what effect, if any, this Statement might have on future financial statements.

**23. OTHER INFORMATION**

**A. Local Finance Board Applications**

The Authority is preparing several applications to the Local Finance Board to issue new conduit on behalf of several local governments.

**B. Risk Management**

The Authority is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The Authority has obtained commercial insurance coverage to guard against these events to minimize the exposure to the Authority should they occur.

The Authority has joined the County of Bergen self insured health and prescription benefits plan for its employees. The participating members fund the entire cost of the plan. Claims are paid directly by the plan.

The Authority is a member of the County of Bergen's Self Insurance pool for property, general liability and automobile liability.

The relationship between the Authority and the County of Bergen is governed by a contract and by-laws that have been adopted by resolution of the unit's governing body. The Authority has agreed to pay an annual installment based on a computation of the Authority's share of the County's premium as provided by the County. In return for this, the County of Bergen administers the Authority's insurance funds.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

**C. New Jersey Unemployment Compensation Insurance**

The Authority has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Authority is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Authority is billed quarterly for amounts due to the State. The following is a summary of Authority contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Authority's expendable trust fund for the current and prior year:

Fiscal Year	Employee Contributions and Interest	Amount Reimbursed	Ending Balance
<u>Ending</u> 2021	\$308	\$284	\$4,842
2020	300		4,818
2019	290	275	4,518

**24. DESIGNATED AND UNDESIGNATED NET POSITION**

As of December 31, 2021, the Authority's accounts maintain funds that, although may be spent for any lawful purpose by the Authority, have been designated by the Board for the following purposes and amounts:

	<u>Hospital Fund</u>	<u>Total</u>
Working Capital Debt Service	7,571,319	7,571,319
Medical Center	<u>34,405,857</u>	<u>34,405,857</u>
	<u>\$41,977,176</u>	<u>\$41,977,176</u>

At December 31, 2021, the Authority reported a total amount of \$41,977,176 of Unrestricted Net Position - Designated for the purposes described above.

**26. WORKING CAPITAL LOAN RECEIVABLE**

The Authority has made working capital loans to the Tenant-Operator of the Bergen New Bridge Medical Center as required by Section 11.3 of its 2017 lease and operating agreement with Care Plus Bergen, Inc. Activity relating to the working capital loans receivable for the years ending December 31, 2021 and 2020 is as follows:

<u>Balance</u> <u>Jan. 1, 2021</u>	<u>Loans</u>	<u>Payments</u>	<u>Balance</u> <u>Dec. 31, 2021</u>
<u>\$20,823,681</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$20,823,681</u>

<u>\$20,823,681</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$20,823,681</u>

**27. PRIOR YEAR RESTATEMENT**

Due to a delay in the release of the other post-employment benefit obligation report by the State of New Jersey Division of Pensions, the financial statements for the year ended December 31, 2020 had not been updated to reflect other post-employment benefits amounts to a measurement date acceptable under current accounting standards. As a result, a restatement of the 2020 financial statements was necessary. The following adjustments have been made to the 2020 financial statements in order to restate the balances:

	<u>Balance</u> <u>Dec. 31, 2020</u> <u>as Previously</u> <u>Reported</u>	<u>Restatement</u>	<u>Balance</u> <u>Dec. 31, 2020</u> <u>as</u> <u>Restated</u>

**28. DUE FROM NEW BRIDGE MEDICAL CENTER**

Amounts reported as due from New Bridge Medical Center are comprised of rent and various IT invoices paid by the Authority on behalf of the tenant-operator.

As defined in the 2017 Lease and Operating Agreement, rent shall be equal to ninety percent (90%) of EBITDAR, payable on a monthly basis on or before the last business day of each month during the term.

“EBITDAR” shall mean, with respect to any period, (i) total operating revenue minus total operating expenses recorded pursuant to GAAP, plus (ii) interest expense, income taxes, depreciation, amortization and the lease expense for the Subleased Premises and the Leased Assets (however, not excluding any other operating lease expense), less (iii) interest income and investment income.

Based on the above, the following amounts are reported as due from New Bridge Medical Center:

	<u>2021</u>	<u>2020</u>
Hospital Rent	29,778,042	-0-
IT Invoices paid by BCIA	<u>855,464</u>	<u>855,464</u>
	<u>\$30,633,506</u>	<u>\$855,464</u>

**29. OTHER MATTERS**

On June 4, 2021, Governor Phil Murphy signed Executive Order No. 244 ending the State of Emergency and Public Health Emergency across all 21 counties in New Jersey in response to address the novel coronavirus (COVID-19) outbreak. At the time of this report, the overall effects of the COVID-19 are unknown, however national delays in supply chains and inflationary factors have begun to affect the Authority’s cost of providing services. The Authority will continue to monitor the situation closely.

**30. SUBSEQUENT EVENTS**

The Authority has evaluated subsequent events through February 2, 2023, the date which the financial statements were available to be issued and the following items were noted for disclosure:

On August 11, 2022, the Authority issued \$63,745,000 County Guaranteed Revenue Bonds (New Bridge Medical Center Project), Series 2022. The bonds have an interest rate of 5.00% and a final maturity of August 1, 2047. The bonds are being issued to (1) refund, on a current basis, the Authority's outstanding \$49,955,000 Series 2020 A Project Note maturing on August 11, 2022, and (2) provide new money funds in the amount of \$22,000,000 to finance additional capital improvements to the medical center, and (3) pay the costs of issuance of the bonds.

Additionally, on August 11, 2022, the Authority issued \$10,005,000 County Guaranteed Project Notes (New Bridge Medical Center Project), Series 2022. The Notes have an interest rate of 4.00% and mature on August 1, 2024. The Notes were issued, together with receipts from the New Bridge Medical Center on its working Capital Loan (\$10,823,681) and an existing reserve for debt service (\$7,571,319), to (1) refund, on a current basis a \$10,000,000 portion of the Authority's outstanding \$28,395,000 Series 2020 B Project Note maturing on August 11, 2022, and (2) pay the costs of issuance of the Note.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Chairperson and Commissioners  
Bergen County Improvement Authority  
327 E. Ridgewood Avenue, 3<sup>rd</sup> Floor  
Paramus, NJ 07652

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Bergen County Improvement Authority, as of and for the year ended December 31, 2021, and the related notes to the financial statements, and have issued our report thereon dated February 2, 2023.

***Internal Control Over Financial Reporting***

In planning and performing our audit on the financial statements, we considered the Bergen County Improvement Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bergen County Improvement Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Bergen County Improvement Authority's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

Honorable Chairman and Members of the  
Bergen County Improvement Authority  
Page 2.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses to be a material weakness (Finding 2021-01).

A significant *deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and responses as items 2021-02 and 2021-03 to be significant deficiencies.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Bergen County Improvement Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

### ***Management's Response to Findings***

Bergen County Improvement Authority's response to the findings identified in our audit are described in the accompanying schedule of findings and responses. Management's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**SCHEDULE OF FINDINGS AND RESPONSES**  
**YEAR ENDED DECEMBER 31, 2021**

**FINDING:**

**2021-01    CONDITION:    )**

Accounts reflecting amounts due to and from the Bergen New Bridge Medical Center are not being updated for current year activity resulting in differences in amounts reported in the Medical Center financial statements.

**CRITERIA:**

Proper internal control requires posting and reconciliation of transactions between the Authority and the Medical Center on a timely basis.

**EFFECT:**

Possible misclassifications or misstatement of account balances.

**CAUSE:**

Transactions affecting the amounts due to and from the Medical Center are not being posted and reconciled on a timely basis.

**RECOMMENDATION:**

That all transactions be posted to due to/due from Medical Center accounts and that these accounts be reconciled to Medical Center records on a timely basis.

**VIEWS OF RESPONSIBLE OFFICIALS/CORRECTIVE ACTION:**

Procedures will be implemented to ensure that transactions with the Medical Center are posted and reconciled to the Authority accounts.

**2021-02    CONDITION:**

Some of the balances in the Authority's financing fees receivable may be for issues that have been refunded and are no longer valid.

**CRITERIA:**

Accounts receivable balances should be reviewed for validity as an internal control procedure.

**EFFECT:**

Overstatement of financing fee receivable balance.

**CAUSE:**

Financing fees receivable balances are not being reviewed for validity.

**RECOMMENDATION:**

That Authority personnel review outstanding financing fees receivable balances for validity and make appropriate adjustments.

**VIEWS OF RESPONSIBLE OFFICIALS/CORRECTIVE ACTION:**

Accounts and procedures will be reviewed to ensure that receivable balances are appropriate.

**2021-03**    CONDITION:

Incorrect taxable SUI wages were reported on the Authority's tax returns resulting in incorrect filings.

CRITERIA:

State unemployment taxes should be based on appropriate taxable wages.

EFFECT:

Incorrect payments of state unemployment taxes.

CAUSE:

Incorrect taxable and non-taxable wages were used in the 1st, 2nd, and 4th quarter calculations.

RECOMMENDATION:

That procedures be reviewed to ensure that correct taxable wages are reported on the Authority's state unemployment tax returns.

VIEWS OF RESPONSIBLE OFFICIALS/CORRECTIVE ACTION:

Reported wages will be reviewed to ensure that correct amounts are reported.

**GENERAL COMMENTS**

**Contracts and Agreements Required to be Advertised Per N.J.S. 40A:11-3**

N.J.S.A. 40A:11-2 contains definitions for terms used throughout N.J.S.A. 40A:11-1 et seq. and was amended under P.L. 1999, c.440. It includes as subsection (23) the term 'competitive contracting', which is defined as "the method described in sections 1 through 5 of P.L. 1999, c.440 (C.40:11-4.1 through C.40A:11-4.5) of contracting for specialized goods and services in which formal proposals are solicited from vendors' formal proposals are evaluated by the purchasing agent or counsel; and the governing body awards a contract to a vendor or vendors from among the formal proposals received."

N.J.S.A. 40A:11-3 was amended with P.L. 1999, c.440 to raise the bid threshold and require award by governing body resolution. "When the cost or price of any contract awarded by the purchasing agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids and bidding therefore, except that the governing body may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations." If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$44,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

N.J.S.A. 40A:11-4 states that every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act of specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder.

Effective July 1, 2020, the bid threshold, in accordance with N.J.S.A. 40A:11-3 and 40A:11-4 (as amended) is \$17,500 and with a qualified purchasing agent the threshold may be up to \$44,000.

N.J.S.A. 40A:11-15 was amended with P.L. 1999, c.440 to extend the base contract period. "Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection (a) of N.J.S.A. 40A:11-5 may be awarded for a period not exceeding 12 consecutive months."

**BERGEN COUNTY IMPROVEMENT AUTHORITY**  
**(A Component Unit of the County of Bergen)**

**GENERAL COMMENTS**  
**(CONTINUED)**

The governing body of the Authority has the responsibility of determining whether the expenditures in any category will exceed the statutory threshold within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Authority Counsel's opinion should be sought before a commitment is made.

Resolutions were adopted authorizing the awarding of contracts and agreements for "Professional Services" N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any material or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed. No violations were disclosed.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 40A:11-4.

**STATUS OF PRIOR YEAR AUDIT FINDINGS/RECOMMENDATIONS**

A review was performed on prior year's recommendations and corrective action was taken on all items, except for those marked with an "\*\*".

Problems and weaknesses noted in our review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments and recommendations, or should you desire assistance in implementing our recommendations, do not hesitate to call us.

We wish to thank the Bergen County Improvement Authority for their cooperation during the performance of our audit.

Respectfully submitted,
